Sustainable Policy

John Addley Ltd is committed to managing the impact of its activities on the environment.

To enable for us to achieve this throughout the year whilst carrying out internal audits we view key carbon measures.

ENCOURAGE responsible use of resources throughout our business, including reducing the use of energy, water and other materials.

CONTINUE to use technology as a way of reducing our environmental impact, including energy and travel.

PROMOTE the reduction of waste and encourage recycling in all of our activities.

COMMUNICATE this policy and other appropriate information to employees, suppliers and customers.

ENCOURAGE employee feedback on potential improvements in our environmental business practises.

OPERATE our business in line with good industry practice and comply with environmental laws and regulations.

John Addley Ltd employees are involved in selecting the projects that we support.
